55-1	Zinc

Access Doors & Panels

### Plastic Panel Access Door

KARP
The Handi-Access plastic door is suitable for all surfaces and can be installed easily by applying glue or caulking adhesive.

Specifications:
- Door and frames constructed from 1/8" high impact styrene plastic.
- Pivot hinge enables door panel to be removed and held closed with a snap friction catch & opened without special tools
- White, lightly textured exposed surface for easy painting.
- **HA88-8 Dimensions: B=1", C=7-3/4", D=8".**
- **HA1414-6 Dimensions: B=1-1/4", C=13-3/4", D=14".**
- 1/box. Sold individually.

| Product #	Door Size	Opening Size
HA88-8	8" x 8"	7-3/4" x 7-3/4"
HA1414-6	14" x 14"	13-3/4" x 13-3/4"

Universal Access Door

KARP
The DSC-214M is a distinctly superior door for new installations or for remodeling. The exposed flange adds rigidity to the unit and perfectly conceals the rough wall opening.

Specifications:
- 16 gauge steel frame and 14 gauge steel door with 3/4" wide trim, one-piece construction.
- Concealed continuous piano hinge.
- Flush lock, screwdriver operated with stainless steel cam and stud or cylinder lock with dust shutter.
- Prime coat rust inhibitive electrostatic powder, gray enamel.
- 1/box. Sold individually.

Product #	Door Size	Opening Size
DSC214M-PS-1212	12" x 12"	12-3/8" x 12-3/8"
DSC214M-PS-2222	22" x 22"	22-3/8" x 22-3/8"
DSC214M-PS-2424	24" x 24"	24-3/8" x 24-3/8"

Press-Fit Access Door
The Press-Fit door is a unique lightweight door that installs easily by bending the tabs on the return back to grip the drywall. The frame, return and doorstop are one-piece construction with a beveled frame resulting in an attractive finished look.

KARP

Specifications:
- Trim, return and doorstop one-piece of 22 gauge steel.
- Concealed, continuous piano hinge.
- Flush locks, screwdriver operated with stainless steel cam and stud or cylinder lock with dust shutter.
- Prime coat rust inhibitive electrostatic powder, grey enamel.
- 1/box. Sold individually.

CableRail Kits

CableRail Kits are the most popular and cost-effective solution for wood railing frames and include everything needed to attach and tension a cable. They're designed for frames where there is access to drill through both end posts allowing the fittings to anchor to the outer faces of the posts.

All fittings and cables are manufactured from high-quality 316-grade stainless steel for weather-tough durability, ultra-low maintenance, and lasting beauty.

Kits for Wood Posts
(6300 series) have 7½-in Threaded Terminal

Kits for wood posts

Our original CableRail system is an easy-to-install option for almost every project. It is packaged and ready to go in preset lengths and can be trimmed as needed in the field. Each kit includes the following:

Selected length of ⅛-in diameter cable with Threaded Terminal pre-attached to one end

Quick-Connect® Inset Fitting
Pair of flat washers (Stainless for wood posts)

Snug-Grip® Washer Nut

OUTSIDE INSIDE

THREADED TERMINAL
Comes fastened to one end of the cable and attaches to an end post using a special Snug-Grip® Washer Nut. Simply spin the nut to adjust the final tension in the cable line and finish with a decorative End Cap *(sold separately)*.

QUICK-CONNECT® INSET FITTING
Features Quick-Connect® one-way locking jaws that allow the cable to easily slide through the fitting in one direction but automatically grab and lock-on after the cable is released. Just slip it on, pull the cable tight, cut off the excess, and finish with a decorative End Cap *(sold separately)*.

TERMINATING
Double Corner
Single Corner*

**If you choose to have cables terminating at a single wood post offset drill holes at least ½-in.*

Stainless Steel Standard Cable Assemblies

QUICK-CONNECT® W/ PROTECTOR SLEEVE

THREADED TERMINAL

feeney

Easy-to-install, prefabricated cable assemblies are an attractive, budget-friendly, and low-maintenance alternative to commonly used metal and wood picket infill. Assemblies use 1/8'' diameter high-strength, weather-tough type 316 stainless steel cable and come in a wide range of standard lengths that can be quickly trimmed to size in the field.

• **Assembly includes:** 1/8" diameter type 316 stainless steel cable with 7-1/2" threaded terminal fitting pre-attached to one end; (1ea) QuickConnect® SS fitting; (2ea) stainless steel flat washers, (1ea) stainless steel Snug-Grip washer nut.
• Versatile uses: railings, fences, exterior/interior, residential/commercial.
• Invisible appearance will not impair views.
• Features easy-to-use Threaded Terminal and Quick-Connect®SS end fittings that remain concealed in your end posts.
• 1 set/box. Sold per set.

6004-PKG

SteelRenewal + SteelProtect - Stainless Steel Cleaner and Protectant

Combination pack 2 powerful products that make it easier for customers to clean and maintain their stainless steel surfaces, including CableRail!

- **SteelRenewal™:** While rare, sometimes corrosion or staining may occur on stainless steel, due to airborne contaminants, humidity, and other factors, especially in coastal or pool environments. This biodegradable cleaning gel is specially designed to remove rust, staining, and other contaminants without scrubbing or other mechanical work. Just apply, wait, and rinse off!
- **SteelProtect™:** Keeping stainless steel surfaces clean and free of salt or other corrosive elements is the best way to avoid rust and other issues in the future. Applying SteelProtect™ to stainless steel surfaces on a regular basis leaves a protective layer to help prevent against future corrosion.
- 1 bx/box. Sold per bx.

Closet Culture
Modular Closet System

KV
KNAPE & VOGT

For a sophisticated, decidedly upmarket look to your home closet, we've thought of absolutely everything - with the Closet Culture modular closet system from Knape & Vogt.

Elegant but sturdy construction blends steel, wire mesh, and wood, finishing it all with luxurious champagne nickel and rich wood hues. Heavy-duty modular components offer flexibility to fit your space. Clever built-in touches make for easy, convenient storage.

Closet Hardware Kits

Includes hardware components to install a complete closet system: hang rail(s), standards, hang rail covers, shelf brackets, closet poles, closet pole hooks, and installation hardware.

Wood and wire shelves, accessories and fascia sold separately.

Adjustable for multiple configurations.

This affordable, elegant modular system can be purchased as components or in 4', 6', or 8' kits.

The hang rail-based system allows for quick, simple installation and leveling.

All components are highly functional, beautiful and easy to install.

Modular Closet Systems

Closet Hardware System Kit
Closet Culture Series

0300-KITA-4CN   0300-KITA-6CN

0300-KITA-8CN
