ROQUE

Prominent buildings of bustling cities are designed with windows that glimmer in the sun by day, and illuminated with lights at night, acting as a beacon to ingenuity.

A busy grid of alternating slants on the knobs and pulls of the Roque collection are inspired by these structures, each square reflecting light in a different way.

The dash of texture brings depths to contemporary kitchens, drawing second looks and admiration.

ROQUE

Roque is a **contemporary** collection and can be found in the **Uptown Appeal** series.

Offered in **six different finishes** the hardware of this collection will bring interest to every design.

The pulls of Roque can be found in CC sizes of 96mm, 128mm, 160mm, 224mm and a 12in. appliance pull.

View the knob option in all available finishes on the next page.
