Secure Control from Anywhere.™

Enjoy remote access with the cloud and app enabled connected door lock that works with your home's Wi-Fi® router.

No other equipment needed.

To order or for more information visit www.arraylock.com

Let Array By Hampton™ Make Your Life Easier

Away and Need to Manage Your Home?

You can lock and unlock your door from anywhere. Send e-Keys and e-Codes to authorized users and let them enter during scheduled times. See an activity log and get notifications so you know who came and went, and when.

iOS® (Apple®) & Devices with Android® Compatible

The Array By Hampton™ lock works with iOS (Apple) devices and smart phones, tablets and smart watches with Android.

Tap To Unlock

The Array By Hampton™ lock uses geofencing and will know when you pull into your driveway. You can get a notification to unlock your door before you even leave your car.

Next Generation in Smart Home Security

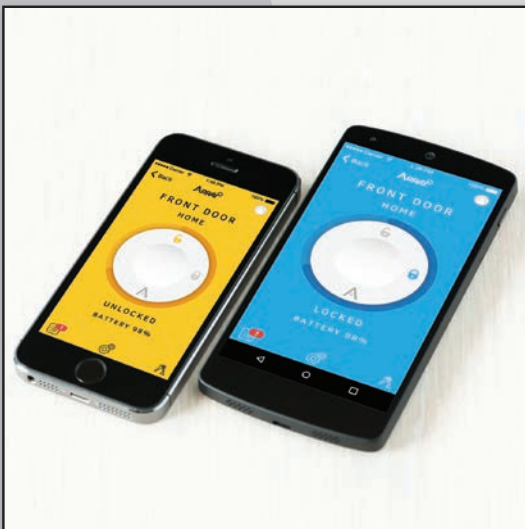

Rechargeable Battery, Renewable Source

Array By Hampton™ includes a rechargeable, lithium polymer battery. It also has a built-in solar panel and can be powered by the sun if your lock is in direct sunlight... in this situation, you may not need to recharge the battery.

Security

Array By Hampton™ uses highly secure encryption technology to ensure security and reliability. It meets the highest grade of security for residential locks as tested by the American National Standards Institute.

An App Designed For You

The Array By Hampton™ app is free. Just download it from the App store or Play store. The app was developed with lots of end user input. It is easy to navigate and understand. Download it to see just how simple it is.

Works with Amazon Echo®

Just say "Alexa, lock my door".
