Protect Your Client's Investment

Protect your client's investment and add a subtle decorative touch to waste can pull-out cabinets with the eye-catching and award-winning Designer DripEdge®. KBB (Kitchen & Bath Business) named the DripEdge® its **2023 Functional Hardware Product of the Year**, noting that "the judges appreciate that this functional offering also adds to the kitchen's aesthetics."

Features include:

- Made in the USA.
- Eased & finished ends.
- Pre-applied UHB tape for easy installation.
- Protects the most commonly replaced cabinet door in modern kitchens - the garbage can pull-out.
- Anodized aluminum will not chip, fade, or rust.
- Perfectly matches our other anodized aluminum metallic accents.
- Custom sizes and finishes available with a custom quote.
