

Product Information (PI) Sheet

Product: Wash Thinner

Code(s): C120 36

Description: C120 36 Wash Thinner is an economy blend of lacquer thinner formulated with fast evaporation for quick and easy clean up of spray equipment.

Other Products: C120 36 is designed as a clean up solvent for solvent lacquer products, for washing off furniture lacquer during manufacturing repairs and can be used to remove contact adhesive for plastic laminates, etc.

Physical Properties (packaged)

Weight per Gallon:	6.76 lbs.
Flash Point (PMCC):	21°F or -6.1°C
VOC:	815 g/l (6.80 lbs./gallon)
Photochemically Reactive:	Yes

Application Procedure

C120 36 Wash Thinner is partially made from reclaim solvent and is not recommended for use in wood finishes. When thinning M.L. Campbell solvent finishes we recommend using our premium quality reducers that are formulated specifically without reclaim solvents for consistent application results. Refer to individual products information sheets for M.L. Campbell reducer recommendations.

Packaging/Shipping

Available Units: Pails and Drums.

Shelf Life and Storage

- Store in cool, dry areas in the original sealed containers.
- Do not store around any source of flames or sparks.
- Spills should be cleaned up with non-sparking tools and inert absorbent material.
