comfortable doorknob
ever introduced.*

A revolutionary concept in home and office door hardware!

Elegantly Practical

The SOSS® UltraLatch® is a totally new concept in door entry hardware. Designed to be the most convenient, practical and aesthetically pleasing door latch you have ever used.

Unlike bulky commercial push-pull latches, the UltraLatch® is designed to blend in beautifully in home and office settings.

The UltraLatch® retrofits to most existing door cutouts.

Designed to conform to the shape of the hand, UltraLatch® is ideal for disabled users, convenient for anyone.

A mere half inch of latch movement easily opens any door.

SOSS® UltraLatch® is constructed in the U.S.A. of top quality materials.

“The ergonomic design of UltraLatch® allows the wrist to maintain a neutral position, which is highly advantageous for individuals with any of a wide variety of upper extremity limitations.”

-J.C. Moore, Licensed Physical Therapist

Available with or without Privacy Latch and as a Closet Stationary Handle. Matching Keyed Deadbolt is available for further security.

UltraLatch® Finishes

The UltraLatch® is available in the following finishes:

682 Satin Chrome (US26D)

681 Bright Chrome (US26)

678 Satin Brass (US4)

677 Bright Brass (US3)

676 Flat Black (US19)

704 Oil-Rubbed Bronze (US10B)

Ultra Latch® Specifications

Door Thickness UltraLatch® is designed for use on doors 1 $\frac{3}{8}$ " (35 mm); 1 $\frac{3}{4}$ " (44.5 mm); or 2" (51 mm) thick.

Set Back UltraLatch® is designed for 2 $\frac{3}{8}$ " (60 mm) or 2 $\frac{3}{4}$ " (70 mm) set back.

Retrofit UltraLatch® has been specifically designed to fit the 2 $\frac{1}{8}$ " diameter hole that is standard in most doors.

Privacy Lock Available with or without privacy lock.

Right/Left Hand The handles fit either right or left-handed doors. All necessary hardware is packed with each UltraLatch®.

Quality Testing UltraLatch® has been cycle tested to meet or exceed ANSI Grade I specifications.

Applications UltraLatch® can be used in any 1 $\frac{3}{8}$ " to 2" thick door with a 2 $\frac{3}{8}$ " to 2 $\frac{3}{4}$ " set back. It easily retrofits older style hardware. When ordering, please specify thickness of door, set back, desired finish and privacy lock. Please call the factory to discuss custom handles.

ADA Compliance UltraLatch® is the only handle that fully addresses the ADA requirements.

Warranty Limited lifetime warranty: SOSS® UltraLatch® is warranted against defects in material or workmanship. Made in U.S.A., patent pending.
