light block

Recess

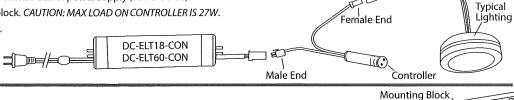

Oval Controller

Tresco by Rev-A-Shelf® offers oval recessed or surface mounted lighting controllers for 12VDC. Controllers can be placed between mounting block and DC-ELT18-CON/DC-ELT60-CON power supply (sold separately) to control all the lights on one system, or between light and mounting block for isolated control of each light.

Option 1

To control all lights from (1) controller and (1) DC-ELT18-CON/DC-ELT60-CON power supply: Before beginning any wiring, be sure power is turned OFF to power supply:

- 1. Determine location of controller and power supply.
- 2. Check wire length from the controller to the power supply. If too short order a LED-LINKD Extension cord from Tresco by Rev-A-Shelf®. (Max length for total cord is 5 meters.)
- 3. To recess mount the controller: Drill 13mm hole for controller. Place wires through hole and push controller completely into hole until snug.
- 4. Disconnect mounting block from power supply and plug mounting block into female end of controller. Plug male end of controller into female end of power supply (12V DC side).
- 5. Connect lights into mounting block. CAUTION: MAX LOAD ON CONTROLLER IS 27W.
- 6. Turn power on to power supply.

Mounting Block

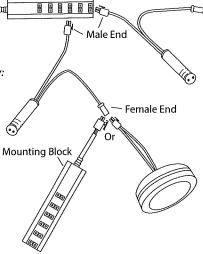

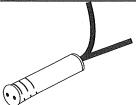

Option 2

To control lights independently from (2) or more controllers:

Before beginning any wiring, be sure power is turned OFF to power supply:

- 1. Follow steps 1-3 from above.
- 2. Do not disconnect mounting block from power supply.
- 3. Plug male end of controller into mounting block. Plug light into female end of controller or additional mounting block. (sold separately) CAUTION: MAX LOAD ON CONTROLLER IS 27W.
- 4. Follow steps above for additional lights and controllers.
- 5. Turn power on to power supply.

Proximity Controller

Swipe hand across to turn on/off Diameter: 13mm (1/2") Length: 60 mm (2 3/8") Max Wattage: 27W Sensor range: 0 - 80 mm (3 1/8") Cable input: 2.0 m (79") Cable output: 152.0 mm (6") Finish: Nickel / Black

Door Sensor Controller

Door Open - light on; Door Closed - light off Diameter: 13mm (1/2") Length: 60 mm (2 3/8") Max Wattage: 27W Sensor range: 0 - 80 mm (3 1/8") Cable input: 2.0 m (79") Cable output: 152.0 mm (6") Finish: Nickel / Black

Motion Controller

Turns on when human motion is detected Diameter: 13mm (1/2") Length: 60 mm (2 3/8") Max Wattage: 27W Sensor range: 0 - 1500 mm Viewing degree: 100° Time on: 30 secs if no motion Cable input: 2.0 m (79") Cable output: 152.0 mm (6") Finish: Nickel / Black

Touch on/off and 0-100% dimming control Diameter: 13mm (1/2") Length: 60 mm (2 3/8") Max Wattage: 27W Cable input: 2.0 m (79") Cable output: 152.0 mm (6") Finish: Nickel / Black *Hold finger down for dimming
